Servant Hearted and Empowering Others to Serve, Jeremiah 29:1-10

Pastor Daniel Kerr

## Discussion Questions

At First Free we want to become a people who are “servant-hearted in service towards our neighbors and city” and a people who “empowers others to serve God and others in their spheres of influence.”

**1** Where might you find a false sense of hope in unprecedented times of confusion or despair?

**2** Compare and contrast the “Way of Christ” with the “American Way.” How are they similar and how are they different? How is the way of Christ distinct from every other option the world has to offer?

**3** Pick one of your spheres of influence. What would it look like for that place to be “as it is in Heaven”? What’s one tangible way God might be prompting you to serve that sphere of influence this holiday season?
