Meet Jesus | Longing for Life with God, Psalm 16

Pastor Danny Lamonte

Discussion Questions

1 Borrowing from the Westminster Shorter Catechism, Pastor John Piper says that our purpose as humans is “to glorify God by enjoying him forever.” If that is our true purpose, what do you think it means to enjoy God? How might that look in someone’s life? What might that practically look like in your own life?

2 On Sunday, we learned that your life pattern is a distinctive collection of the spiritual disciplines intended to a) aid in an awareness of God in your life, b) awaken you to your true self, c) enhance your enjoyment of Him, and d) create avenues of willing obedience and authentic worship. What are some daily, weekly, monthly, and yearly practices that serve this kind of life pattern?

3 What are one or two practices from this conversation that you’d like to implement in your own life pattern moving forward?
