

Reflection Questions

1 What is your relationship with financial giving and/or tithing? What experiences (positive or negative) have led you to this posture? How does the gospel of Jesus speak into this topic?

2 What is your relationship with financial saving? In what ways might this reflect a biblical principle?

3 Read Psalm 24:1. Understanding that everything, including your finances, are God's to begin with—in what area of your finances (giving, saving, living, asking for assistance, etc.) might the Spirit be prompting you to take a step towards faith or obedience? What might that step look like this week, month, or year?
